How to Find Articles Using Academic Search Complete

COMM 101
Proposition of Policy Tutorial
Fall 2014
To find information on a topic...
1) Type in a topic
2) Select a limit option if you wish. You can limit your search results by criteria such as...
...full text only,
...published date,
...or name of publication.
3. Click on Search.
The search results appear on the next screen.
If you just want to view magazine articles, click in the ‘Magazines’ check box.
To find out more about an article, click on its title.
On the next screen, you’ll find...
...a link to the full text of the article (but not always),
...a summary of the article, known as an abstract,
...and article output options.

Electronic cigarettes can help reduce cigarette consumption.

Document Type: Article

Subject Terms: *ELECTRONIC cigarettes
*-cigarette smokers

Abstract: The article discusses a study conducted by U.S. and European researchers which reveals that the use of electronic cigarettes (e-cigarettes) among smokers can help reduce cigarette consumption.
